Important People in your Enrollment Entity Profile

All Enrollment Entities (EEs) must provide the Healthy Families Program (HFP) with the names of persons chosen to fulfill three specific roles or functions: Authorized Contact Person, Billing Person, and Outreach Contact Person. The EE may assign these roles to three different individuals, or in some cases, one individual may fulfill all three roles. Please keep the following responsibilities in mind when assigning these roles:

Authorized Contact Person

This person has the authority to enter into an agreement with the State. This person signs the Enrollment Entity Agreement, W-9 Federal Tax Forms, CAA Add/Remove Forms, and any Change of Information for Enrollment Entities Forms. It is important to note that any change to the EE profile is an adjustment to the Invitation to Participate Agreement, and therefore, requires the Authorized Contact Person's signature.

Billing Person

This person has the authority to respond to billing inquiries from the HFP. The reimbursement program provides payment for

successfully completed applications that meet all the required criteria.

Outreach Contact Person

This person will be the contact person for applicants seeking application assistance. This person's information will be published on the HFP website for the public to access.

If it becomes necessary to reassign the Outreach Contact Person or the Billing Person, the EE's Authorized Contact Person should submit a signed Change of Information for Enrollment Entities Form indicating the reassignment. The Change of Information for Enrollment Entities Form can be downloaded at www.healthyfamilies.ca.gov/English/caa/pdfs/EE_Change_Info_Form.pdf.

If it becomes necessary to update the Authorized Contact Person, the EE should contact the EE/CAA Liaison Helpdesk, Monday through Friday between 8:30am and 5:00pm at 1-800-279-5012 or send an email to ee-caaliaison@MAXIMUS.com for assistance.

2007 Federal Income Guidelines

Each April 1st, new Federal Income Guidelines (FIGs) are provided. These guidelines are adjusted each year and provide income ranges that are used as the basis for determining premiums in the Healthy Families Program (HFP). The new 2007 FIG levels are used for all applications received after April 1, 2007. The new 2007 FIGs and the new HFP premium categories are shown below and are also available on the HFP website www.healthyfamilies.ca.gov/English/caa/pdfs/FIG_2007_English.pdf.

Missing Information for Assisted Applications

Missing Information significantly slows down the processing of an application and can often lead to a denial for an incomplete application. Missing information results in subscribers getting enrolled later than they otherwise would have or not at all.

To streamline enrollment, the Healthy Families Program (HFP), as previously announced, has reduced the amount of information necessary to complete an application. The HFP no longer requires a premium to enroll children and children can now be enrolled even if plan selections are not received during the missing information process. Before these changes, 22.4% of assisted applications were missing premium and 7.1% were missing plan selections. The improvements have helped to enroll children more quickly.

While the reduction in required information has helped enroll more children in affordable health care coverage and made the CAA's job a little easier, there is more that we can do.

The HFP still receives assisted applications that are missing essential information needed to complete the application. The two most significant things now missing from assisted applications are income documentation (51.1%) and signatures (28.4%).

With your help, we can further reduce the amount of missing information and enroll more children in a timely manner!

When is the best time to call?

Applicants looking to receive the fastest access to the Healthy Families Program (HFP) Call Center (1-866-848-9166) should try calling during non-peak times:

Good....Weekdays after 11 a.m.

Better...Weekdays after 6 p.m.

Best.....Saturdays 8 a.m. to 5 p.m.

The Call Center is open Monday through Friday, 8 a.m. to 8 p.m. and Saturday from 8 a.m. to 5 p.m.

Open Enrollment 2007

Each year, the Healthy Families Program (HFP) allows members to change health, dental, or vision plans. This is called “**Open Enrollment**.” The Open Enrollment (OE) period begins on **April 15 and ends May 31**. In the beginning of April, members will be sent an OE packet or an OE postcard, depending on their particular circumstances. Members will receive a customized OE packet showing plan availability for their county if:

- They are required to make new plan selections because of changes in coverage areas for their current plans; or,
- Their premium is changing because they are enrolled in a health plan whose Community Provider Plan (CPP) status will change for 2007. (See article about 2007 CPP changes on page 5.)

This packet will include a list of the health, dental, and vision plans that members can choose, as well as information to help with making those decisions. (See specific packet information to the right.)

Members will receive an OE postcard if their health, dental, and vision plans will still be available and their health plan’s CPP status is not changing in the upcoming benefit year. Members receiving postcards will still have the option of requesting a customized OE packet and changing their plans. Instructions for doing so are outlined on the OE postcard.

In addition to information provided via mail, health, dental, and vision plan information for the upcoming benefit year is also available on the HFP website (www.healthyfamilies.ca.gov/English/OpenEnrollment2007.html). Members may download a Transfer Request Form directly from the HFP website.

It is very important for members to notify the HFP if they have moved so that they receive their OE materials. Members should inform the HFP of their new address by calling 1-888-439-4741.

What's in an Open Enrollment packet?

Each Open Enrollment packet will contain:

Cover Page that tells a member if any of their plans are no longer available or if their premium will be changing

Cover Letter that explains the Open Enrollment process, including timelines and contact information

Personal Fact Sheet that provides the member’s current health, dental, and vision plans and premium amounts

Customer Satisfaction Survey that asks about a member’s satisfaction with his/her health, dental, and vision plans

Transfer Request Form that should be returned to the Healthy Families Program if a member wants to change his/her health, dental, or vision plan

Plan Comparison Grid that provides comparison information about each of the plans available in a member’s county

Plan Ads that provide short descriptions of each of the plans available in a member’s county

Language Grid that provides information about the language options offered by each of the plans

Community Provider Plan Changes for 2007-2008

The Community Provider Plan (CPP) is a health plan participating in the Healthy Families Program offered at a \$3 per month discount to subscribers. There is a CPP in each of the 58 counties in California. A plan is designated as the CPP if it has done the best job of including traditional and safety net providers in its network as measured by the Child Health and Disability Prevention Program (35% of their score), clinic providers (45% of their score), and hospitals (20% of their score). An audit is required in counties where there is less than a 15% difference between the highest scores or if there appears to be a change in the highest score from the year before.

There were several counties requiring audits this year; however plans had the option of not participating in the audit if they wished to relinquish their CPP status. As a result of the audits, there were eight counties with CPP changes for 2007-2008 benefit year. Please see the chart below for an outline of the changes.

Members enrolled in the previous CPP must change to the new CPP in order to keep their premiums at the discounted rate. Members already enrolled in the new CPP will see their premiums reduced by \$3 per month should they remain enrolled in the plan.

Members affected by these CPP changes will receive a personalized Open Enrollment packet that explains the impact to their premium amount.

Reminder: April 15, 2007 - New Tax Forms

April 15th of each year marks the date when the next year's tax forms are required as valid income document. When assisting applicants with income documentation after April 15th, please advise applicants to send in **2006 Tax Forms** (i.e. 1040,

1040EZ, Schedule C etc.) rather than those from 2005.

Certified Plan Staff Web-Based Training - Need to register?

Plan Web-Based Training (WBT) was designed to meet the needs for training certified staff within plan organizations. Below are guidelines for a smooth process while training new staff for application assistance.

1. Submit CAA Add/Remove Form signed by Authorized Contact Person. This form can be accessed from the Healthy Families Program (HFP) Website at www.healthyfamilies.ca.gov/English/caa/pdfs/CAA_Add_Remove_Form.pdf
2. Submit CAA Agreement signed by potential Certified Staff (CS). This form can be accessed from the HFP website at www.healthyfamilies.ca.gov/English/caa/pdfs/CAAAgreement.pdf.
3. EE/CAA Liaison staff will direct the potential CS to the WBT via email or a letter. The EE/CAA Liaisons can be reached at 1-800-279-5012 Monday through Friday, 8:30 a.m. to 5:00 p.m. or by email at ee-caaliaison@MAXIMUS.com.
4. Once the CS has passed the plan course exam, the certificate will automatically generate with their new CAA number.
5. The Participating Plan Marketing Guidelines must be reviewed and Plan's Certified Staff Code of Conduct Agreement signed by the new CS and sent to the HFP. The Participating Plan Marketing Guidelines and the Plan's Certified Staff Code of Conduct Agreement are located on the HFP website at www.healthyfamilies.ca.gov/English/caa/caa_training.htm.
6. Once the CS has earned a passing score on the WBT and the HFP receives the Code of Conduct, the HFP will link the CS to the EE that submitted the CAA Add/Remove Form. The newly trained certified plan staff may now assist the public with application assistance.

HFP Call Center Manager: Rosie Herrera

The Healthy Families Program (HFP) would like you to meet Rosie Herrera. Rosie is the HFP's Call Center Manager. Prior to joining the HFP Call Center team, Rosie worked as a Call Center Manager for eleven years, so she was well prepared for her career with the HFP!

As a mother of three wonderful kids, Rosie understands the important role the HFP plays in the lives of many children in California. Rosie brings with her a wealth of experience and enthusiasm, and she's looking forward to making a positive contribution to this already successful operation!

Kaiser Permanente Enrollment Caps - Update

In the February 2007 edition of this newsletter, we announced that Kaiser Permanente Health Plan was no longer available for NEW or RE-ENROLLMENTS in Kern, Orange, Riverside, San Bernardino, and San Diego Counties. Please note that effective July 1, 2007, Kaiser will be open for enrollment again in all counties except Orange.

Children's Health Initiatives

Children's Health Initiatives (CHIs) are locally-operated children's health programs that provide services for children (ages 0-18 usually) not eligible for full-scope no-cost Medi-Cal or the Healthy Families Program (HFP). Most CHIs are modeled after the HFP, which offers comprehensive insurance coverage (health, dental and vision) with only one set of plans that provides coverage. Below is a list of the 22 counties within California, which assist with enrollment to CHI programs. This information is also available when using Health-e-App and on the HFP website at [www.healthyfamilies.ca.gov/English/caa/Healthy Kids Programs in California.html](http://www.healthyfamilies.ca.gov/English/caa/Healthy_Kids_Programs_in_California.html)

Acceptable Documentation for Rental Income

Besides the Federal Income Tax Forms 1040, 1040A, and 1040EZ, two additional documents are now being accepted as documents for rental income. Applicants may send any **one** of the following documents as proof of rental income:

Federal Income Tax Forms: The previous year's Federal Income Tax Forms 1040, 1040NR or an e-file printout of these forms are accepted if rental income is shown on line 17 for Form 1040 or line 18 for Form 1040NR.

Rental Income Worksheet: Applicants must fill in all lines in the Rental Income Worksheet and sign and date the document. If the lines for the monthly expenses are left blank, the expenses amount will be considered as \$0 and the application processed under that assumption. For any other lines left blank, the applicant will be contacted for missing information. The Rental Income Worksheet can be downloaded from the HFP

website at www.healthyfamilies.ca.gov/English/download.html.

Written Document with Required Elements:

Applicants may also send a written documentation to show rental income as long as the content of the document shows the same information required on the Rental Income Worksheet. The document must contain all of the following elements to be valid:

1. Address of the property
2. Gross monthly rental income from the property
3. Monthly expenses for the property, such as: mortgage interest paid, taxes paid, utilities paid, insurance paid, upkeep/repairs paid
4. A statement indicating that the information given on this paper is current, true and correct to the best of the applicant's knowledge
5. Signature of owner(s)
6. Date of the document

Note: Please keep in mind that the income documentation date must be within 45 days from the date the HFP receives it to be considered valid.
